NEW-YORK TRIBUNE.

CITY ITEMS.

AMUSEMENTS THIS EVENING.

THE COMMON COUNCIL -There was an infora call issued for a meeting of the Common ancil to be held yesterday at the City Hall .the bour appointed, there were but three of City Fathers present, and they concluded not to transact any business. It is understood that sine meeting we called for the purpose of taking some action pon the question of the terminus of the Ede 7 alread.

DEATH OF PHILO N. RUST .- Yesterday afteroon, Philo N. Rust, keeper of the Empire House ie Syracuse, died in his carriage, in Ninth st., in this City. The cause of his death was apoplexy. Mr. Rust was widely known as the landlord of the " Syracuse House," which long had the reputation of being the best Hotel west of Albany.

DEATH OF JOHN M. MOORE, Esq.-We regret to announce the death of this gentleman, who has been long and favorably known in New-York as an agreeable writer and a poet. Mr. Moore was for some years connected with the Brother Jonathan, and was the writer of the famous police reports which at one time attracted so much attention to that paper. He was at various times connected with other newspapers of this Cityboth daily and weekly, but for three years past he had retired from all business associations, hav. ing secured for himself a fortune. Mr. Moore died on Thursday evening, in the 40th year of his

Loss of THE IVANHOE .- The ship Joseph Walker, which sailed from this port at the same time as the Ivanhoe, arrived at Liverpool on the 15th ult. She reports having seen the Ivanhoe aground on the Nantucket shoals, during the gale which occurred soon after her departure. There is therefore no longer any question as to her fate. The pieces of the wreck picked up off Montauk, must have belonged to her. The following is a list of her passengers, numbering sixteen :

Achison Moore, North of Irsland, John Irwin, Peter Kelly, — Condon, James Clark, Thomas Carter, Joseph Rushworth and wife, Thomas Metcalfe, John Crosby, Thomas Bmith, John Kearns, Wm White, Thomas Brennan, Michael Shograshy, German; Christy Conner, German,

The Ivanhoe was insured in Wall-st. for \$75,000. Her cargo was very valuable, being estimated at \$150,000, about one-half of which was insured in New-York, and the remainder in England. She was commanded by Capt. Magee.

FIRE.-About 9 o'clock last evening a fire broke out in the rear of 25 Elm-st. The front building was also on fire, and both buildings being of wood, they were nearly destroyed before the flames were extinguished. The lower floor of the front building was occupied as a rum-shop by Martin Manly, and the upper stories were dens of infamy. We presume there was no insurance on the building.

THE PILGRIM'S PROGRESS .- The splendid panoramic illustration of Bunyan's immortal allegory is still on exhibition at 598 Broadway, but will close in three or four weeks. We advise all "Christians," or all who think themselves so vanquished by Apollyon, or safely climbed the Hill Difficulty and wandered with the Shepherds on the Delectable Mountains, to visit this beautiful work of art, while it remains with us. The designs are from some of our most distinguished artists, and are characterized by a richness of invention, a vivid power of design, which make the panorama a fine suggestive commentary, not a parody, on the Pilgrim's Progress.

Col. Forhes's second lecture will be given at the University this evening, having been postponed on Wednesday, on account of the severe We renew our recommendation to those who wish to be informed as to the Italian Revolution to attend these lectures. Col. Forbes was an eye-witness of what he describes, and may be relied upon for the statement of the Republican view of the matter.

THE HUTCHINSON FAMILY .- To-night the Hutchinsons sing again at the Tabernacle. Their prices are so low that we presume they will have no difficulty in filling the house. The doors will be opened early.

THE ALLEGHANIANS will give their fifth Concert at Hope Chapel, this evening. Their programme is as attractive as ever. Miss Goodenow will sing a new song, composed expressly for her by a gen. on of this City.

ADVERTISEMENT.—Lots of New Goods are advertised at the Bowery Savings Store, 128 Bowery. Ladies, it will pay you well to call there and buy your

We call the attention of Teachers and others to the large sale of School Furniture, at 260 Greene st., to-morrow, as advertised in another column.— Phis furniture is that of the Seminary so well known as "Abbott's Institution," which, we understand, is hereafter to be merged in the Spingler Institute at Union Place.

LOST CHILD.-Some mother will be auxious to how that sittle boy, apparently about 4 or 5 years of age, light hair acé blue syes, was found wandering in Nassau at near Wall, yesterday afternoon. He was hare heared, and had some humor marks about his mouth. The little fullow seemed somewhat fright cond, and was crying, but was able to give his civitain uame, 'I Amerew'. He was taken to the Statuochouse in Trinty place, where a kind keeper took him in charge. All his immediate wants were supplied, and a new cap purchased for him. It is hoped that his purents may soon recover their lost darbing.

RESCUED FROM DROWNING .- Last night, about s o'clock, a young woman was seen to go down on the Custom-Hower Fire, at Walteball, and with or jump off into the water. She we take on the young of the U.S. Night Inspecto a, and taken into the Barge Office, where she received all the year and attention that her case required. She was soon restored and give her name Lumina Thompson, 18 years of age, but refused to give any account of where the lived. She was taken to the First Ward Station House by officer

BOARD OF MEXICAN CLAIMS, Washington, Tuesday, April I.—The Board mat, present all the members. The following ne mortais, herestofore examined and suspended, were taken up for further examination: That of Asabel P. Britingham claims for damages by seizure of the brig Ophir. That of Gen. Don Jose Maria Jarrero, chaiming, as a Mexican citizen, the amount of certain draits, originally made by Gen. Hereira to cuver advances by Bernard Rowdon, a citizen of the United States, insud of the narly cause of Mexican independence, which draits had, oefers the treaty of Guadaloge Hiddago, been assigned to Gen. Jarrero, by Wm. B. Parrott, and American citizen, in payment of a debt. The Board came to opinions on the separate cases, that the iorner claim was defaultely settled by the mis of commission under the Convention of 1839, and that the memorial, consequently, be not received; and that the latter claim, however rightful against the Mexican Government, cannot be allowed, because not being the property of an American citizen at the date of the treaty of Guadalupe Hiddago, the was not meant to be protected by that treaty. The memorial of John Hayden, claiming for expulsion from Pesquiera Chica, confiscation of goods and impressement, being taken up for consideration, the Board came to an opinion that the claim is not valid against the Republic of Mexico. The Secretary submitted, by leave, the following memorials, fied since the list of February: That of Raybe K. M. Raysum and others, heirs at law of James P. THE ARSENAL .- A bill is before the Assembly appropriating \$15 000 for this building. It is said that extensive repairs are already necessary, and that some portions of the building have never been completed.

HARBOR AMD RIVER CONVENTION—The western people are greatly disappointed at the failure of the Harbor and River bill in the Senate, after it had passed the House. Many of the papers are proposing to have a Convention some time during the Summer, similar to the one held at Chicago some years since. The Chicago Democrat, John Wentworth's paper, says: "It is proposed to hold a meeting of the masses, without distinction of party, who are for Harbor and River Improvements, at Detroit, Michigan, on the 4th of July next. It is for the Detroit people, who are so vitally interested in Harbor and River Improvements, to move off in this matter, if they wish the Convention." Detroit would be the best place on several accounts. It is the residence of Gen. Cass, and as "circumstances" would very likely prevent his going to Chicago, his presence at the proposed Convention can only be secured by holding it in his own city. It would be well for the citizens of that place to move in the matter at once, as it is suggested that Gen. Cass may have an engagement to deliver an address at some distant place, unless an early HARBOR AMD RIVER CONVENTION -The westthat Gen. Cass may have an engagement to deliver an address at some distant place, unless an early promise to be present is secured from him. [Roch. Democrat.

THURSDAY, April 3-P.M. The buoyancy of the Stock market continues and the advance in the fancies is large again. There is the strongest speculative feeling we have noticed for several months. The case in the Money market and the subsidence of the fears of a large centinued export of coin have brought out speculation all the stronger from the late dullness of the month. The sales were to large extent but the market was not so active as yesterday. The Second Board showed a still further advance in nearly all descriptions.— Canton and Harlem were the most buoyant Stocks, the former selling at 68, an advance of 2 P cent., and the latter at 711, an advance of 11 or cent The prospects of the Har lem Road are very favorable and it is a favorite Stock with operators. Reading closed at 57\$, an advance of 1\$ \$\psi\$ cent., with a good demand. Eric was very buoyant, with a good demand. The market went to 84%, an advance of 1 \$\psi\$ cent from yesterday. Farmers' improved 13 4 cent from the opening price. Morris went to 19, which is better. Long Island was less active than others Incomes went to M' and Converges were buoyant improvement in both cases. Norwich & Worcester con-tissue to improve and placed from the work of the cent. For Mohawk 93 was bid, an improvement of the cent. Portamouth went to 13th, showing 1th Peent, adcent. Fortsmouth went to 132, showing 11 \$\psi \cent. advance; and New-Jersey Mining improved \$1 \$\psi\$ share.—
Edgeworth advanced \$\psi\$ \cent \cent. There is a fair business doing in Railroad Bonds for investment, but the sales are not to as great extent as there were during the Winter. A sale of \$56,000 Eric Convertibles was made to go to Als. bams, and one of the chief takers of that loan has sold out nearly \$200,000. Some Galena and Chicago 10 P cent. Bonds are also selling at 106. They are convertible fato stock which is in demand at 105. The bids at the close were, Canton 68, Norwich 65, Farmers' 662, Erle 84, Har-lem 712, Stonington 43, Morris 181, Canton 92, Long Island

WATER CURE.

THE WATER-CURE AT NORTH
AMPTON, Mass, is the most delightful and attractive
Institution of its kind in the country, accessible by railroad
from the North, South, East and West. The following are
some of the advantages which render Round Hill a desirable residence for invalids and their friends, and for others
who desire a comfortable home: I. Fure air, extensive and
delightful scenery, and an elevated and healthful location.

2. Large and pleasant rooms, and comforts and conveniences rarely found in similar institutions. 3. A practical and
experienced Physician. 4. Intelligent and efficient Nurses.

5. Abundance of the purest spring water. 6. A diet adapted for those who at the same time wish to live well, and be
well while they live. 7. A great variety of rural walks and
pleasant drives in the vicinity. 8. A Gymnasium, with Billiard-room and Bowling Alleys
